

Special member offer Are you covered?

Every tint business is unique - auto, flat glass, commercial, residential, workshop, mobile, one man band or a team of staff. The variables make it hard to find the right insurance cover, and brokers don't always understand our industry.

WFAANZ has partnered with HWA Insurance Brokers to offer our members an insurance solution. By banding together as an industry, HWA can negotiate the best rates that will potentially shave hundreds off your annual premiums.

WFAANZ members are eligible for a **free** insurance review conducted by HWA. You'll get advice on the suitability of your current package and an obligation-free quote.

For more information call the dedicated HWA account manager Renee Jackson on 03 9559 3306 or email renee@hwainsurance.com.au.
