Details

- Business card-sized VLT reader made from thick cardboard
- Used as an approximate guide to determine if a car window is within the legal limit of 35% VLT
- Does not offer the same accuracy as a light transmission meter
- Held behind the glass and if the number '35' is legible, the window film is likely legal
- Reading can be affected by lighting conditions, time of day, weather, etc.
- Minimum of ten cards to be ordered at any one time
- Postage is additional, determined by quantity of cards ordered
- Member cost: \$3.30 per card (includes GST); orders over 500 units, the cost is \$1.10 per card (includes GST)
- Non member cost: \$5.50 per card (includes GST); orders over 500 units, the cost is \$2.20 per card (includes GST)
